I rarely leave reviews for any company but this time A2Z pest control deserves 5 star review from my side for mice pest control at my home. Highly recommended from my side for mice removal treatment.

Ottawa Summit Roofing

We were killing 20+ ants daily in our house and hired them to get rid of them. After they sprayed inside and out, it solved our problem. Highly recommend this company.

Edmond Hetu

Very professional and performed the work without unnecessary upselling. They got rid of our wasp nests and we are very satisfied. We highly recommend.

I called A2Z about a nest of bumblebees i found in my basement. They were kind enough to dispatch a technician within 30 minutes even though it was a Saturday night. He spent an hour thoroughly exterminating the nest and explained me some things along the way. A job well done, and the next day

there was not a bumblebee left alive. I only deduct 1 star because i thought the price was high for an hour of work and few materials.

My family was really scared when they saw raccoon passing on backyard deck, Then I just called one of the company but they said we we don't work in wildlife animal control. Thanks to google search I found A2Z Pest Control and called this company and their team come on time and provided so friendly, professional work for raccoon control very quickly. If you are looking for wildlife animal removal experts then I will suggest to go with A2Z team.

Best pest control in Ottawa. Mr. Patel went above and beyond, did pest control for both cockroaches and mice in same price.

Fone Cases

Good job by them. Excellent work and on time service. Provide proper advice and services whenever asked. You get what you pay for. Keep it up

Abhay Chintan

A very good experience. Very professional.

Karan Gandhi

Very professional and timely with reasonable prices. Used it for my rental property and I just had a day before the new tenants moved in. Chirag was very flexible in accomodating at the last minute inspite of a busy schedule ahead...
